

DexSnake

Terms of Use

Finland / European Union Edition

Platform: DexSnake

Founder: Shadmehr Daniyali

Contact: maildexsnake@gmail.com

1. Acceptance of Terms

By accessing or using DexSnake, you agree to these Terms of Use. If you do not agree, you should not use the platform. Mandatory rights available under Finnish and European Union law remain unaffected.

2. About DexSnake

DexSnake is a multi-chain DeFi platform designed to simplify how users discover, trade and interact with digital assets and blockchain-based services.

3. Non-Custodial Use

Where DexSnake provides non-custodial functionality, users retain control of their wallets, private keys and digital assets. DexSnake does not require private keys or seed phrases for ordinary platform use or support.

4. User Responsibilities

Users are responsible for verifying wallet addresses, token contracts, networks, transaction amounts, approvals, fees, slippage and other transaction details before signing. Blockchain transactions may be irreversible.

5. Lawful Use

DexSnake must not be used for fraud, theft, money laundering, sanctions evasion, unauthorized access, malicious smart-contract activity or other unlawful purposes.

6. DeFi and Digital-Asset Risks

Digital assets and decentralized finance involve risks including volatility, smart-contract vulnerabilities, malicious tokens, liquidity risks, network congestion, bridge failures, third-party failures and possible loss of assets. Users should independently assess these risks.

7. No Individual Investment Advice

Unless expressly provided through an appropriately regulated service, DexSnake information and functionality do not constitute individualized investment, financial, legal or tax advice.

8. Third-Party Services

DexSnake may interact with independent wallets, blockchains, DEXs, liquidity providers, bridges, APIs and other protocols. Separate third-party terms may apply. Mandatory legal responsibilities of DexSnake are not excluded by this provision.

9. Token Information

The display or availability of a token through DexSnake does not by itself constitute an endorsement or guarantee of legitimacy, value or security. Users should independently verify contract addresses and token

information.

10. Fees

Blockchain networks and third-party protocols may charge transaction, gas, liquidity, bridge or other fees. Any DexSnake fee applicable to a transaction should be disclosed through the relevant interface where required.

11. Consumer Rights

Where Finnish consumer law applies, including rules governing digital content and digital services, mandatory consumer rights concerning conformity, remedies, updates, termination and compensation remain unaffected.

12. Availability and Changes

DexSnake may update or modify platform functionality for legitimate technical, security, legal or operational reasons. Changes affecting consumer contracts will remain subject to mandatory Finnish and EU consumer law.

13. Intellectual Property

DexSnake branding, original website content, documentation and proprietary interface materials are owned by or licensed to DexSnake unless otherwise stated. Third-party trademarks and materials remain the property of their respective owners.

14. Liability

Nothing in these Terms excludes or limits liability that cannot lawfully be excluded under Finnish or EU law. Responsibility for other losses will be determined according to applicable law and the circumstances of the relevant transaction or service.

15. Governing Law

These Terms are governed by Finnish law, subject to mandatory protections available to consumers under applicable Finnish and European Union law.

16. Contact

For questions concerning these Terms, contact DexSnake at maildexsnake@gmail.com.

This policy is intended to reflect generally applicable Finnish and European Union requirements relevant to the DexSnake platform. The application of specific financial, crypto-asset, consumer, privacy or other regulatory requirements depends on the services actually provided.
